SENATE ADOPTS FOUR-POWER PACIFIC TREATY

Heinous Crime Committed by Raiders in Belfast, Ireland

FAMILY CONSISTING SEVEN PEOPLE SHOT IN THEIR OWN HOME

(By Associated Press.)
BELFAST, Mar. 24.—A band of men today forced their way into the home of Owen MacMahon, a saloon-keeper, and shot seven members of his family. The news has stirred up the city. MacMahon and his three sons were killed outright, another son died of wounds, and two others are near death. The crime is thought to be in reprisal of the shooting of a number of special constables in May street yesterday.

The raiders, who are reported to have worn uniforms, smashed the door of the MacMahon home in the north end of the city, and rushed upstairs where the occupants were sleeping. The male members of the family were taken down to the living room and lined up against the wall and riddled with bullets.

One son, aged 6, crawled under the lounge and escaped. He was taken from bed at the same time as the others. Mrs. MacMahon pleaded tearfully, but in vain, with the assassins, to spare the family. Then she screamed from the window to the nursing home adjoining, to summon help. The MacMahons are a Catholic family.

Three murders were reported from Fermanagh, on the Tyrone border. The victims were Frank Kelley, Edward McLoughlin and William Cassidy. All were shot to death. It is believed the murders were in reprisal for the recent terrorism at Trillick, County of Tyrone, in which Samuel Laird, an Ulster special constable, was shot and killed and numerous Unionist houses burned.

A 6-hour running fight occurred between Ulster special constables and Sinn Feiners in the vicinity of Gerrickmore, County Tyrone, yesterday. The fighting started when 50 police in motor lorries were ambushed behind the Gorse Bank on the roadside and opened fire at a distance of 1000 yards. The police immediately jumped from the cars and engaged the attacking band, which retreated across the hills. The pursuit continued several hours with frequent exchange of shots.

Joseph Campbell, a Belfast city official, was shot and killed today by a sniper in the New Lodge road.

Posse Returns From Search for Rustlers

Sheriff Box, of Esmeralda county, and his deputy, J. B. Grant, of Tonopah, with C. M. Van Fleet, deputy sheriff of Nye county, have returned from Sand Springs Valley, where they had been in search of cattle rustlers, who are wanted at Bishop, California. The posse picked up the trail at Lund in White Pine county, but all trace of the fugitives was lost between Hot Creek and Sharp. It is believed the rustlers succeeded in getting over the Utah line.

FORMER EMPEROR IS REPORTED VERY ILL

(By Associated Press.)
LONDON, Mar. 24.—Former Emperor Charles, of Austria-Hungary, exiled on the island of Madeira, is ill with fever, says a Central News dispatch from Funchal. His temperature was given at 104, and a consultation of physicians was called.

FREE STATERS MAKING THREAT OF REVOLUTION

Irish Republican Army Will Hold Convention Regardless of Order Forbidding Same.

(By Associated Press.)
DUBLIN, Mar. 24.—An "open threat of revolution" was signified today by a decision of the anti-Free Staters to hold the forbidden Irish Republican army convention on Sunday, has "created a precarious position," the London Times correspondent here declared in a dispatch to his paper. No attempt to prevent holding the convention is looked for on the part of the army general headquarters. The meeting place of the army convention has not been divulged.

SYNDICALISTS KILL WOMAN AT VERA CRUZ

(By Associated Press.)
VERA CRUZ, Mexico, Mar. 24.—The demonstration by Syndicalists against high rent ended yesterday in the shooting to death of a woman tenant, the wife of a Spanish merchant.

WOMEN INJURED IN WILD RUSH SECURE MONEY

(By Associated Press.)
CHICAGO, Mar. 24.—Several women were today crushed and trampled in a scramble of depositors of the Northwestern Trust and Savings bank on the Northwest Side of Chicago. The run is said to have resulted from false rumors concerning the bank's financial strength. Bank officials were busy paying out money as fast as depositors could be served, and other banks are said to be ready to supply all the cash needed. John F. Smulski, head of the bank, and national Polish leader, announced a reward of \$5,000 for information leading to the identity of the persons responsible for the run.

Twelve policemen tried to keep the depositors in line. The jam became so great outside the bank that finally 100 policemen, 25 armed with rifles, were placed on duty there. Dozens of women were carried into the bank in a fainting condition. The Federal Reserve Bank, of which the Northwestern is a member, sent \$750,000 in an armored car to the bank. The Continental and Commercial National bank sent \$1,000,000.

RATE CASE HEARING ORDERED POSTPONED

The hearing on the Reno-Tonopah rate case, which was scheduled to take place at Reno on March 27, before the public service commission of Nevada, has been postponed until April 24, upon request of W. D. Forster, general manager of the Tonopah & Goldfield Railroad company, and W. E. Herrin, chief counsel for the Southern Pacific company. This complaint was filed against the Tonopah & Goldfield and Southern Pacific by the Reno Chamber of Commerce.

VISITORS ARE PLEASED WITH THIS DISTRICT

American Carrara Marble People Plan Heavy Shipments of Product to Coast.

Tonopah was visited this morning by a number of the most prominent capitalists of Ohio and Kentucky, all interested heavily in the American Carrara Marble company. In the party were Judge W. C. Taylor, capitalist of Winchester, Kentucky; L. W. Dewey, president of the Dewey Bros. Grain Co., and the Ohio State Millers, of Blanchester, Ohio; W. H. Picking, banker and manufacturer, of Bucyrus, Ohio; N. F. Cheairs, oil operator, of Winchester, Kentucky; P. V. Perkins, president of the American Carrara Marble company.

The gentlemen had been on a visit of inspection to the great marble quarries at Carrara, and arrived in Goldfield yesterday afternoon where they spent the night, coming over to Tonopah this morning. They were most agreeably surprised to find conditions so lively as in this district, and all voiced the sentiments of Judge Taylor that they would return here a little later on in the year and acquaint themselves with the great silver mining industry of this section.

"We had no idea that Tonopah had as large a population as we found," remarked Judge Taylor, "but we are very surprised to find such free and broad-minded people as we have in this country. Down in my home we bow to people on the street as we pass, but this wonderful liberality of your Nevada people is certainly embracing and educational."

The American Carrara Marble company has started shipments of great blocks of marble to both Los Angeles and San Francisco. While the company has its own plant at the quarries the marble is shipped in blocks to the contractors, as it has been found that the contractors can make a big saving by sawing their own blocks, thus eliminating the heavy cost of electric power.

The Carrara marble quarries are the largest in the world, and the finest marble is being mined that has ever been discovered. The demand for the product is rapidly increasing and contracts are held in the west that will keep three shifts of miners busy for the next few years. The deposits consist really of four mountains and the supply is practically inexhaustible and is sufficient to supply several generations.

The American Carrara Marble company has expended over \$1,100,000 in developing and equipping its quarries, and had it not been for the military tactics of J. A. Sanders, then district attorney of Nye county, but now a supreme court justice, in refusing to file an injunction suit against the Nevada California Power company to restrain the tearing down of the power line leading to the quarries, Southern Nevada would today be blooming like a rose. The Bonanza at that time requested Sanders to file this suit, but he absolutely paid no heed to the demands of the taxpayers, but permitted the power company to dismantle the power line in the night. Carrara people have not forgotten Sanders for his negligence and if he runs for supreme court justice this fall they say he will not receive two votes out of the 70 that will be cast in that precinct, and the Bonanza doubts if he will receive two votes in that precinct.

PAYDAY IN MINES OCCURS TOMORROW

Tomorrow will be payday in the mines of the Tonopah and Divide districts and a distribution of money in excess of \$150,000 is anticipated. The payroll of the two districts is being gradually increased as a result of enlarged work upon a number of the bigger properties, and it is believed that within another month the amount paid out monthly to mine and mill workers will be close to \$400,000.

INDUSTRIAL COURT OF KANSAS ACTIVE

(By Associated Press.)
TOPEKA, Kans., Mar. 24.—The Kansas industrial court today ordered an investigation of conditions in the Kansas mining district relative to the impending strike, and summoned officials of the Southwest Interstate Coal Operators association and the district provisional officials of the United Mine Workers of America to appear before the court for hearing here on March 29.

JURY BRIBING BY WHOLESALE IS CONFESSED

Lawyer in Chicago Admits That Practice Has Been Going On For a Long Period.

(By Associated Press.)
CHICAGO, Mar. 24.—Wholesale jury bribing, said to be without parallel in the history of Chicago's criminal courts, as revealed today, resulted in indictments by a special grand jury, naming William F. Quesada, of the flat janitors' union, and other officials of the union, following the alleged confession of C. G. Schmidt, a lawyer. Officers said they had learned that Quesada was in California.

OUSTER TRIAL HEARING HAD BEFORE WALSH

The preliminary proceedings in the ouster proceedings instituted against W. J. "Billie" Douglas, commissioner of Nye county, instituted by the Nye county grand jury, through its chairman, L. M. Horton, were presented to Judge J. Emmett Walsh, sitting for Judge Mark R. Averill, this afternoon at 1:30 o'clock. H. H. Atkinson, representing Mr. Douglas, filed a demurrer as well as a motion to strike parts of the complaint. Defendant appeared at this time for the purpose of appearing in court and answering citation. The grand jury was represented by W. D. Hutton, who appeared as special counsel, having been appointed the grand jury special counsel. By stipulation both counsel agreed that the demurrer and motion to strike should be heard on Wednesday, March 29, 1922, at 10 o'clock in the morning.

COMMISSION TO PROBE RATE ON COAL IN WEST

(By Associated Press.)
WASHINGTON, D. C., Mar. 24.—An investigation has been instituted by the interstate commerce commission into the reasonableness of practically all rates on coal in the western portion of the United States.

TWO MEN ARRESTED BULLION ROBBERY

Officers are still investigating the disappearance of the bar of bullion from the truck of the American Railway Express company yesterday morning. Several clues are being run down and this morning two men were taken into custody and held for investigation. It is reported that the men now in jail, Curley Carr and C. J. Corr, were at the depot yesterday morning and that later they made an auto trip to Crow Springs. However, no substantial evidence has yet been secured connecting the two men with the robbery.

OPERATIONS TO BE RESUMED AT FISH LAKE WELL

Local Business Men Subscribe Liberally to a Fund to Complete Well.

Drilling will be resumed at the Fish Lake Merger oil well within the next week or by April 1, according to an official announcement made this morning by Charles W. Taylor, president and general manager of the company.

On a visit to the seat of operations in Fish Lake valley made 10 days ago, President Taylor found the equipment to be in perfect working condition, and all that will be necessary is to touch a match to the oil and the big standard drill will again proceed to eat its way into the earth. The carload of crude oil that was delivered on the day previous to the suspension of work, owing to extreme cold weather, was found to be in good condition, and in view of the fact that there is a large amount of casing on hand, there will be no interruption with drilling.

President Taylor stated that work would start with one shift, but that the second shift of drillers would be put on in a few days, which will be followed with a third in the near future.

The financing of the company to insure the well being lowered to great depth is meeting with liberal response and several leading business men have become interested during the past few days, but that more money is needed. This will insure plenty of money to proceed with operations, thus assuring the completion of the well. The Tonopah & Goldfield Railroad company is also heavily interested financially in making the drilling operations a success.

President Taylor and Vice-President George A. Foster will visit Fish Lake Valley tomorrow for the purpose of making final arrangements for the resumption of work.

RUNNING HOTEL IN FRANCE HAS TAKEN A JUMP

(By Associated Press.)
PARIS, Mar. 23.—An effort was made to justify the rates charged by French hotels in the congress of the Association of French Hotel Industry held here. Some have asserted that these rates are so high as to have compromised the spring season on the Riviera and to be endangering the summer season for health resorts.

George Barrier, president of the association, asserted that the cost of running a hotel in France was now 450 per cent higher than before the war and that hotel rates had not been increased in that proportion. He complained of the taxes imposed upon French hotel keepers and said that one hotel which paid 95,000 francs in taxes in 1914 was compelled to pay 2,082,737 francs in 1921. He gave many instances of increased costs in hotel operation, chief among which was the application of the 8-hour day and advances in wages demanded by hotel employees.

APPROPRIATION BILL FOR ARMY AMENDED

(By Associated Press.)
WASHINGTON, D. C., Mar. 24.—The provisions of the army appropriation bill, which would have required withdrawals of certain army units from China, Hawaii, Canal Zone and Germany by July 1, were eliminated from the measure by the house today.

IRRECONCILABLES ARE BOWLED OVER AS FAST AMENDMENTS OFFERED

MYSTERY MAN PENNSYLVANIA BEING PROBED

Believed to Be Wanted for a Murder Committed Over Twenty-two Years Ago.

(By Associated Press.)
QUAKERTOWN, Penn., Mar. 24.—Further efforts were made today to identify the strange prisoner in the Quakertown jail, who claims to be Roy Hecox, of Homer, Illinois, but who a number of residents of this vicinity, after a visit to the jail last night, said bore a striking resemblance to Adam Weaver, wanted for slaying a constable 22 years ago. The prisoner wears a long red beard and hair reaching almost to his shoulders.

(By Associated Press.)
HOMER, Ill., Mar. 24.—Joseph Thomas, uncle of Roy Hecox, said Hecox was in Homer about a year ago, and told him he had been wandering over the country. Thomas said he never heard of the Quakertown crime, and did not know whether Hecox was away from Homer 22 years ago. Hecox, known as a religious fanatic, has a mother in Santa Barbara, California, and a brother in San Francisco.

W. H. ROYSTON GOES TO COAST FOR TREATMENT

W. H. Royston, superintendent of the Belmont mill, and general manager of the Hudson Mining company at Royston, left this morning for San Francisco, where he will enter a hospital to receive treatment from specialists for an injured vertebrae.

Mr. Royston was injured about five weeks ago when he fell against an orebin, striking his neck with considerable force. The injury, while believed trivial at the start, has gradually been growing worse, and as a result two X-rays were taken. The last set of pictures was taken at San Francisco by Dr. Claude H. Church, and Mr. Royston received a message yesterday asking him to go to San Francisco that an examination might be made of his ailment.

NEWLYWEDS TO HONEYMOON IN OLD COUNTRY

The Bonanza is in receipt of a card announcing that the marriage of Mrs. Jessica Moore, sister of Mrs. Arian Frevert, will be solemnized at the Nevada Villa, Bird Rock Beach, San Diego, on Sunday, April 2, instead of Easter Sunday, April 16, as formerly announced. The date of the ceremony was advanced as the couple purpose leaving directly for Europe and are desirous of spending Easter Sunday in Paris.

(By Associated Press.)
WASHINGTON, D. C., Mar. 24.—The four-power Pacific treaty was ratified by the senate this afternoon by a vote of 67 to 27. The vote was four more than the necessary two-thirds. The roll call showed 12 Democrats for ratification and four Republicans against, the latter being Borah, Johnson, France and La Follette. The approval was voted after all the proposed amendments and reservations, except the "no alliance" declaration, accepted by President Harding, had been defeated.

(By Associated Press.)
WASHINGTON, D. C., Mar. 24.—The senate early today began voting on articles of the four-power Pacific treaty, which required a two-thirds majority for ratification. Numerous amendments offered on the various articles were bowled over as fast as they were offered, and four Republican irreconcilables, Borah, Johnson, France and La Follette, voting together, were voted down, among others, by 29 to 65, the amendment by Johnson, providing only that "Pacific" methods could be considered by the four powers when they met in conference as a result of outside aggression. Articles 1, 2, 3 and 4 were approved in the committee of the whole. The voting then continued.

After the adoption of the fourth article, consideration of reservations began, indications being that at least 20 more votes would be taken.

ARMENIA HAS NAMED NEW PATRON SAINT

(By Associated Press.)
CONSTANTINOPLE, Mar. 1.—(By Mail.)—A conventionalized figure of a young Armenian has been proposed for adoption as a sort of patron. The original suggestion to this effect was made in a prose poem written for the new Armenian yearbook by the celebrated Armenian writer, Sebuh Stepanian, and published in the Armenian weekly, Shavagh.

Copied and embossed and framed in scores of Armenian communities throughout the near east, his picturesquely-phrased composition reads in part:

"The patron saint of Armenia today is an energetic, active, athletic young person. He is rich, not only in purity, but also in heart. He is our American uncle; his star is the emblem of his generous gifts."
